I love this series for homeschooling my children. I started using these with my older daughter and now I've gone back and bought the lower levels for my younger daughter to start. The words are nice and big for your young one to read and the projects are simple but fun. I usually go to the

McGraw Hill site to buy the workbooks to go with the hardcovers and it makes all the difference. The greatest thing about it is that you can just keep following the series through the different grades and your child doesn't need to get used to a different format every year. Definitely recommend this and other McGraw Hill school books.
